- Tendering & Bidding Strategy Development
- Contract Negotiation & Risk Management
- Supply Chain Management
- Public & Private Tender Portals Management
- Logistics Coordination & Material Follow-Up
- Process Improvement & Operational Excellence
- Team Leadership & Department Management

PROFESSIONAL EXPERIENCE

Procurement & Supply Chain Operations Manager

Golden Sparrow Trading Co, UAE

Oct 2025 - Present

- Leading the company's Procurement Function, managing sourcing operations, supplier evaluation, negotiations, and contracting across multiple categories.
- Driving strategic sourcing initiatives to ensure cost efficiency, supplier reliability, and compliance across all purchasing activities.
- Handling the complete procurement cycle — from RFQs and comparative analysis to contract execution and vendor performance management.
- Established and currently leading the Tendering & Bidding Function from scratch, building the entire structure, workflows, documentation systems, and compliance governance.
- Developing and implementing company-wide Compliance, HSE, ESG, Anti-Bribery, and Code of Conduct Policies, ensuring alignment with UAE regulations, client standards, and international best practices to support tendering and registration readiness.
- Preparing detailed Bidding Plans defining project timelines, resource allocation, risk control, and commercial strategies to ensure competitive and compliant submissions.
- Developing and implementing the Bid Management Framework covering pre- and post-bid stages, documentation control, and approval workflows.
- Standardizing and improving internal tender processes, integrating tracking tools, master registers, and approval matrices to enhance control and efficiency.
- Managing company registrations and qualifications across major government, semi-government, and private supplier portals, ensuring full compliance and readiness for tender participation.
- Identifying and evaluating new tender opportunities, conducting commercial and technical analysis to assess feasibility, competitiveness, and alignment with company capabilities before bid confirmation.
- Leading and guiding cross-functional teams — including Sales, Marketing, Finance, Operations, Supply Chain, and Management — to ensure every department fulfills its role in proposal preparation, submission, and compliance.
- Overseeing technical and commercial proposal documentation, ensuring clarity, accuracy, and professional presentation in every submission.
- Monitoring bid outcomes and performance metrics, analyzing win/loss ratios, pricing benchmarks, and supplier competitiveness to support continuous improvement.
- Collaborating directly with the General Manager and Managing Directors on sourcing strategies, bid planning, and governance to enhance competitiveness and transparency.
- Reporting to the Managing Directors on performance, sourcing results, bid progress, and compliance KPIs.

Procure-to-Pay & Master Data Executive

Americana Foods, GCC

Apr 2025 - Sep 2025

- Managed the complete Procure-to-Pay (P2P) cycle, overseeing purchase requisitions, approvals, and the creation of Purchase Orders (POs) with precision and compliance to corporate standards.
- Created and issued Purchase Orders (POs), ensuring accurate pricing, quantities, delivery terms, and specifications prior to approval and release.
- Collaborated with vendors, procurement, and finance to maintain smooth purchase operations, resolve discrepancies, and ensure timely delivery of materials.
- Maintained and optimized Master Data (MDM), including Vendor Master, Customer Master, and Item Master, ensuring data integrity and alignment across systems.
- Collaborated with procurement, finance, sales, and IT teams to support seamless data flow and integration across business systems.
- Conducted data validation and quality reviews, correcting duplicates, gaps, and classification errors to strengthen reporting accuracy and audit readiness.
- Supported data migration and system enhancement activities, including SKU harmonization for National Food Company (Meat) and National Food Company (Cake) divisions — unifying product codes to improve traceability and reporting.
- Streamlined documentation and record control for POs, supplier details, and audit logs to ensure transparency and compliance with governance policies.
- Utilized various enterprise procurement and data management platforms to manage workflows, approvals, and master data updates.
- Contributed to process improvement and automation initiatives, enhancing efficiency and governance across P2P and MDM operations.

Procurement & Tender Executive

Fractal Systems, UAE

Jan 2024 - Apr 2025

- Successfully led the entire supply chain process, including procurement, logistics, and operations tender pitching process for over a year in a fast-paced, project-driven environment
- Managed the complete procurement lifecycle from RFPs to POs, implementing strategies aligned with company goals and operational needs.
- Directed logistics and operations teams across all projects, collaborating with international cargo providers to optimize supplier performance and ensure timely, cost-effective deliveries.
- Sourced, onboarded, and built strong relationships with vendors across various industries—focusing on cutting-edge technologies to drive growth—and regularly met with suppliers to strengthen long-term partnerships.
- Monitored vendor performance, enforced contract terms, and ensured quality standards and delivery timelines—while proactively resolving disputes and implementing improvement measures.
- Budgeted projects to reduce costs by exploring alternative solutions and negotiating better prices—achieving 10–20% savings on most projects—while securing favorable payment terms to support cash flow and maximize profit. Developed detailed cost-tracking reports for each project.
- Led complex contract negotiations, balancing budget, quality, and service requirements to achieve impactful and cost-effective outcomes.
- Sought out new tools, trends, and processes to enhance efficiency, maintain a competitive edge, and drive operational improvements.
- Acted as a procurement advisor to senior leadership, leveraging market insights and procurement expertise, and collaborated with sales teams by attending client meetings to provide tailored solutions.
- Conducted cost analyses and prepared competitive quotations for clients in coordination with internal teams, while attending sales team meetings to understand project requirements and advise on solutions and pricing.
- Managed registration and compliance processes with government entities and major organizations across the UAE, KSA, and Europe—ensuring regulatory compliance and coordinating with internal teams.
- Oversaw the end-to-end tender process, analyzed client requirements, and coordinated documentation and pricing strategies with internal teams.
- Collaborated with sales teams to develop bid strategies, advised on go/no-go decisions, and conducted market research for new tender opportunities and optimized submissions.
- Maintained and updated client-supplier portals to ensure data accuracy, stakeholder accessibility, and timely renewal of registrations and compliance documents.
- Reviewed purchase requisitions, solicited bids, and ensured compliance with company policies and regulatory requirements throughout the procurement process.
- Attended industry events and exhibitions to stay updated on trends, build connections, and meet suppliers to foster strong relationships.

- Partnered with internal teams to align procurement and operational strategies with broader business goals—from event planning to technical solution delivery.
- Monitored the team and created reports to track purchase orders, logistics, project costs, and pitching progress in alignment with organizational objectives.

Procurement & Logistics Officer

Hafa Trading Co, KSA

Aug 2021 - Jun 2023

- Sourced and evaluated potential vendors, managing RFQs and selecting optimal suppliers through comprehensive quotation comparisons and negotiations on quality, pricing, delivery, and service terms.
- Ensured efficient execution of all purchasing tasks, including issuing purchase orders, tracking orders, and coordinating with vendors to maintain on-time deliveries.
- Managed procurement data by entering order details into internal databases and ERP systems, maintaining accurate, up-to-date records on purchased products, delivery schedules, and invoices.
- Prepared purchase reports, conducted cost and profit analyses, monitored stock levels, and placed orders to ensure inventory was aligned with organizational needs.
- Coordinated closely with warehouse staff to ensure proper storage and collaborated with operations to support a streamlined, efficient supply chain.
- Built strong relationships with vendors and shipping partners across air, land, and sea freight, leveraging systems like SABER and handling all necessary certificates for Saudi customs compliance.
- Trained and mentored junior procurement staff, fostering a collaborative environment and encouraging professional growth within the team
- Utilized software tools, including Odoo, Microsoft Office Suite, and ERP systems, to manage documentation, produce correspondence, and organize shipment materials for international import/export.

E-Commerce Buyer (Remote)

Saudi Supplier

Jul 2021 - Apr 2023

- Identified and built relationships with reliable vendors and suppliers, selecting and evaluating proposals to enhance retail sales potential.
- Procured goods, materials, and services that met cost, quality, and delivery targets, utilizing market research, competitor analysis, and product testing to guide purchasing decisions.
- Monitored and managed purchase orders, generating comprehensive reports for the management team to maintain transparency and informed decision-making.
- Boosted profitability through strategic purchasing, carefully planning acquisitions to secure suitable goods at competitive prices.
- Facilitated communication between suppliers and internal departments, supporting the buying process, new projects, and operational activities.
- Collaborated with cross-functional teams to ensure alignment of procurement activities with broader business goals, fostering a culture of teamwork and continuous improvement.
- Conducted price and market trend forecasting, analyzed cost structures, and implemented cost reduction initiatives, capitalizing on market opportunities and managing potential risks.
- Oversaw the entire purchase order process, including determining order quantities and delivery timing, to maintain optimal inventory and meet demand forecasts.

Supply Chain Coordinator

Retail Stores of Second Egyptian Army

Nov 2019 - Jan 2021

- Supported the supply chain for seventeen retail branches, ensuring smooth operations aligned with company goals.
- Developed and executed supply chain strategies that enhanced efficiency and supported business objectives.
- Monitored and maintained optimal inventory levels across all branches to consistently meet customer demand.
- Conducted regular inventory audits to maintain precise stock records across branches.
- Oversaw fleet operations, optimizing delivery routes, tracking shipments, and managing delivery schedules to maximize efficiency.
- Collaborated with suppliers, vendors, and distributors to ensure timely procurement and distribution of goods across branches.
- Led and motivated sales teams to achieve branch sales targets and meet monthly profit goals established by management.
